Columbus, Feb. 12.—The house
adjourned at noon, but passed the
Howard bill, by a vote of 82 to 3,
all Democrats voting for the bill.

Associated Press Telegram
Columbus, Feb. 12.—The house
of representatives spent weary hours
today with business suspended, doors
locked under a call of the house,
trying to bring enough members
back from their homes to secure 93
votes, necessary to suspend the
rules and secure final action on the
Howard senate bill to reduce the
salary of the superintendent of in-
surance from \$8000 to \$4500.

At 11 o'clock there were only 88
members present. Telegrams were
sent to absent representatives and
long distance telephone wires kept
busy with messages ordering the ab-
sent lawmakers to catch the next
trains for Columbus.

Indications then were that an all-
day and possibly all-nights session
would be held, while waiting for re-
turn of the absentees.

Attendants, on orders from the
speaker called all the hotels and
rooming places where the repre-
sentatives stay, but most representa-
tives not in the legislative chamber,
had gone home last evening, despite
knowledge of today's session.

It was announced that for the
first time this session the rule would
be enforced to fine absent members
not excused the sum of \$10 for
their negligence. The clerks roll
showed 22 in this class.

Reports are current within the
legislative hall that a few of those
already there had managed to slip
out and that they had gone home.
Most of the absentees were Dem-
ocrats, who had gone home last
evening.

Shortly before noon Republican
leaders consulted and decided to
abandon the attempt to scrape to-
gether the additional votes necessary
to secure a three-fourths vote on
suspension of the rules. They plan-
ned to adjourn until Monday.

Representative Black of Wyand-
ot, Democrat, proposed in a bill in-
troduced today to effect further
economy by cutting in half the pay
of legislators. They now receive
\$1000 a year for their two year
term. He would have them receive
\$1000 for the year of the regular
session and \$10 a day for special ses-
sions.

United States Makes Proposition to England Regarding Wilhelmina

Associated Press Telegram
Washington, Feb. 12.—The American
government has proposed to Great
Britain a postponement of the plan
to take the American steamer Wilhel-
mina before a prize court, that her
owners may have opportunity to pre-
sent evidence which they contend will
prove her cargo not properly subject
to seizure.

HURRICANE ACCOMPANIES EARTHQUAKE

Associated Press Telegram
Tutuila, American Samoa, Feb. 12.
—By wireless—Not only a hurricane,
but with it an earthquake and a tidal
wave swept Noman's Island, of
the Samoan group, as reported here
two days ago. Fuller details show
that three persons were killed, one
of whom was beheaded by flying
wreckage.

Entire villages disappeared. Those
of which traces remained were ru-
ined. All shipping either was de-
stroyed or badly damaged. Some
plantations were wiped out. It will
be a year before any food can be
brought into bearing again and three
thousand inhabitants are destitute.

The American gunboat Princeton
is conveying food, clothing and tem-
porary assistance but the need for
further aid is urgent as the food sup-
ply is so low that starvation will set
in before three weeks are out. The
South seas have known hurricanes
before this, but the situation left in
the wake of this one is described as
unprecedented.

At the height of the storm the
Yury of the winds was unbelievable.
Iron roofs were torn off and blown
three miles. The very soil was torn
from the coral rock and the coffins
in new made graves were left ex-
posed. At one time the barometer stood
at 27.50.

40 THOUSAND GERMAN DEAD IS REPORTED

Associated Press Telegram
Paris, Feb. 12.—An official state-
ment given out at the war office to-
day announced the complete failure
of the German offensive in Poland.
The statement follows:

"The failure of recent attacks by
the Germans in Poland appears to be
complete. The loss of the Ger-
mans is unprecedented. It is re-
ported that they exceed forty thou-
sand dead."

NEWFOUNDLAND MINES RESUME
Associated Press Telegram
St. John, N. F., Feb. 12.—Opera-
tions in the mines of Newfoundland
which were practically suspended at
the outbreak of the war, have been
partly resumed. Five hundred men,
a quarter of the number usually em-
ployed in the winter, are now at
work.

Portugal Will Join Allies' Forces In Europe's Struggle

Associated Press Telegram
Lisbon, via Paris, Feb. 12.—That
the government of Portugal has resolved
to carry out the policy decided upon
by congress on August 8 and Novem-
ber 23, was the assertion made yester-
day by Foreign Minister Monteiro, in
a statement to the press regarding the
international situation.

The decisions of congress referred to
by Foreign Minister Monteiro were
to the effect that Portugal should co-
operate with the allies whenever that
step seemed necessary. Portuguese
troops have been operating against
the Germans in Angola, Western Af-
rica, for some time.

Portugal has been making military
preparations most of the time since
the war began, but uncertain internal
political conditions are said to have
interfered somewhat with these opera-
tions. A part of the army already has
been mobilized and its strength at
present is believed to be about 100,000
men. A second mobilization would
bring this figure up to at least 245,000.

GOVERNOR WILLIS RECOVERED FROM HIS INDISPOSITION

Columbus, O., Feb. 12.—Governor
Willis was at his office today ap-
parently recovered from his illness
of yesterday, when he was forced to
deny himself to visitors while suffer-
ing from a severe headache caused
by overwork and irregular hours.
He said he was feeling well, al-
though attendants at his office de-
clared he did not appear up to his
normal condition. It was understood
physicians had ordered him to
abandon the custom of working at
his office until late at night, as he
has been doing since his inaugura-
tion.

helmina and her cargo have represent-
ed that they can present irrefutable

Should the British government agree
to the proposal, action before a prize
court would be unnecessary.

ulation of Germany. Her cargo is
owned by a St. Louis commission

MURDER OF AGED WOMAN AND INJURY OF HUSBAND EARLY TODAY

In Wood County—Bloodhounds Are
Now on Trail of Perpetrators
of the Deed.

Associated Press Telegram
Gibsonburg, O., Feb. 12.—Mrs.
Joseph Kimbel, 70, was murdered
and her husband, Joseph Kimbel, 72,
was probably fatally beaten by un-
known men, at their home near
Bradner, Wood county, early today.
County authorities have despatched
bloodhounds to the scene in the hope
of trailing down the murderers,
thought to be two or more in num-
ber.

Kimbel, who was a wealthy farm-
er, is said to have had a distrust of
banks and is reported to have kept
large sums of money about his house.
Shortly before noon, neighbors
found Kimbel in a semi-conscious
condition between his house and
barn. His skull was crushed and
his clothing torn and smeared with
blood. A broken pitchfork handle
found in the barn, and which was
covered with hair and blood indicat-
ed that Kimbel had been attacked
there and had been unable to reach
the house.

Carrying Kimbel to the house, the
neighbors found the body of Mrs.
Kimbel lying on the kitchen floor.
She had been shot through the head
and her neck had been slashed with
a knife or razor. Although living
when found, she died without having
regained consciousness.

Investigation shows that the
house had been ransacked but
whether anything of value was tak-
en, has not been determined.

CONCILIATORS INTENDING TO END STRIKE

Associated Press Telegram
Cleveland, Feb. 12.—Instead of
abandoning their investigation con-
cerning the strike in the eastern
Ohio coal fields when the joint con-
ference of miners and operators ad-
journed last Tuesday without an
agreement, Hywel Davies and Daniel
J. Keefe, federal conciliators, quietly
remained in this city and conferred
privately with a number of coal op-
erators. These informal conferences
with individual operators will end late
today, it was stated, when the federal
representatives will depart.

Neither Mr. Davies nor Mr. Keefe
would make a statement. Operators
said they expected the conciliators
to report to Secretary Wilson within
the next three or four days and they
have arranged to hold a meeting
next Tuesday believing they will
know the contents of the report by
that time. Upon the nature of the
report made at Washington, will de-
pend what action they take in the
strike zone, they said.

Several operators said today that
they are "seriously considering" ap-
pearing their mines with non-union
men and that they already conferred
with representatives of agencies who
offer to furnish men to work in the
mines of the strike zone. The
strikers they said, however, will first
be given an opportunity to go back
to work before other men are im-
ported.

Three Countries Sign Protocol Regulating the Traffic In Opium; Chinese Minister Party to Compact

Associated Press Telegram
The Hague, Feb. 12, via London.—
The protocol of the anti-opium con-
vention of 1912, which aims at the
suppression of the opium traffic and
international traffic in cocaine and
other noxious and habit-forming
drugs, was signed today at The Hague
by Henry Van Dyke, the American
minister to the Netherlands; Tang
Tsing Fou, the Chinese minister and
M. London, the Netherlands minister
of foreign affairs.

the protocol by these three diplomats
put the convention into immediate
force for the signatory countries,

Fannie Crosby, Blind Writer Of Notable Hymns, Died Today

Bridgeport, Conn., Feb. 12.—Fannie Crosby, well-known blind
hymn writer, died today, at her home, in her 95th year.

Her death was not unexpected, as her health had been failing for
some time. Shortly before the end she became unconscious and re-
mained in that state until death. At her bedside were her nieces Mrs.
Henry D. Booth and other members of the family with whom she
long had made her home.

In spite of feeble health, especially within the past few months,
Miss Crosby continued writing hymns up to a short time before her
death.

Miss Crosby wrote such notable hymns as "Rescue the Perish-
ing," "Pass Me Not Oh Gentle Savior," and during her life time was
honored and beloved by millions.

Miss Crosby was not a composer of the highest class of music,
but the poems she wrote will live in the memory of the present gen-
eration. For instance "I Shall Meet Him Face to Face," will be sung
by many repentant souls in asking for forgiveness.

BIRTHDAY OF LINCOLN WAS CELEBRATED

Associated Press Telegram
Chicago, Feb. 12.—Many civic,
educational and fraternal organiza-
tions celebrated the 106th anniver-
sary of the birth of Abraham
Lincoln today.

Municipal and state courts were
closed and the work of city offices
curtailed. Tributes of praise for the
character and achievements of the
emancipator were given before many
audiences, the celebration of the
Grand Army Memorial Association
being prominent among the day's
events.

SPRINGFIELD HONORS MARTYR'S NATAL DAY

Associated Press Telegram
Springfield, Ill., Feb. 12.—Spring-
field today did honor to the memory
of Abraham Lincoln and all state
offices, banks and stores in the
former president's home city were
closed on this, his natal day. Tonight,
the biggest celebration of the year
in Springfield, the Lincoln day
banquet will be held in the state
arsenal. Governor Dunne will be
toastmaster and the supreme court
Justices and many members of the
legislature will be in attendance.

The widow's cap is as old as the
days of Julius Caesar. An edict of
Tiberius commanded all widows to
wear the cap under penalty of a
heavy fine and imprisonment.

LIQUOR LICENSE COMMISSIONERS ARE APPOINTED

Associated Press Telegram
Columbus, Feb. 12.—County liquor
commissioners were appointed today
for five additional counties which be-
came wet under the recent home rule
amendment by the state liquor board.

Brown county—Henry Fleig, Repub-
lican of Ripley, and W. H. O'Reilly,
Democrat, of Fayette.

Monroe—Clem Rausch, Rep., and C.
J. Ellis, Dem., both of Woodfield.

Wayne—H. R. Barrett, Rep., of
Wooster, and F. E. Wolfe, Dem., of
Orville.

Warren—Frank B. Anderson, Rep.,
of Lebanon, and F. H. Higgs, of Mor-
row.

Wood—Clyde Dwyer, Rep., of Pem-
berville, and Allen G. Lehman, Dem.,
of Bowling Green.

POSTOFFICE HAS MANY POSTCARDS UNCALLED FOR

The local postoffice is overstocked
with tinselled post cards which are
being held for postage. All patrons
have been asked by the department
not to mail cards with tinsel unless
they are placed in an envelope. Fail-
ure to do this has caused the de-
partment to have to hold the cards
for extra postage and they have
about 500 on hand. A number are
being sent at the present owing to
the approaching feast of St. Valen-
tine.

STEAMER STRUGGLED SIX DAYS IN VAIN TO MAKE ONE MILE.

Associated Press Telegram
New York, Feb. 12.—The
British steamer Morocco reach-
ed here today from Aberdeen,
Scotland, after a voyage last-
ing thirty days during which
she struggled six days in vain
to make a single mile westward
over mountainous seas and in
the face of terrific winds. Dur-
ing these six days the officers
said, the Morocco not only fail-
ed to make progress, but was
actually swept back to the east-
ward. The vessel was in bal-
last.

PRESIDENT REJECTS A COMPROMISE

Associated Press Telegram
Washington, Feb. 12.—President
Wilson today rejected the compro-
mise ship bill evolved yesterday by
Democratic leaders of the house. He
refused to agree to an amendment
terminating the activities of the gov-
ernment in the shipping business
two years after the close of the Eu-
ropean war.

Representing the president, Post-
master General Burleson made a
counter proposition to the leaders.
It was that the house combine Sena-
tor Gore's substitute for the admin-
istration bill with a bill by Senator
Weeks which already has passed the
senate, proposing a line of naval
auxiliaries to be used for passengers
and freight in emergencies at the dis-
cretion of the secretary of the navy.
Mr. Burleson said the president
would not accept any amendment to
destroy the permanent character of
the project.

Democrats who had been working
at both ends of the capital to get
the bill in form acceptable to both
senate and house before March 4, were
confident it could be passed if the
amendment, making it a temporary
measure, were attached. The counter
proposal advanced by the postmaster
general threw the whole proposition
again into the region of uncertainty.

Representative Kitchen of the house
Democratic leader-elect declared he
would not vote for the bill in the
form proposed but that he had no
doubt it could pass the house. The
Democrats who favored the temporary
amendment feared a resumption
of the Republican filibuster were it
not attached.

With the White house proposal as
a new basis, further negotiations
went forward.

BANK PRESIDENT AND WIFE WERE BEATEN TO DEATH

Associated Press Telegram
Oakland, Calif., Feb. 12.—Jacob Vo-
gel, former president of the Citizens
Bank of Fruitvale, and his wife, were
found murdered today in their home
at Fruitvale, a suburb. They had
been beaten to death by burglars, who
first trussed them up with ropes and
Mrs. Vogel's apron strings.

The bodies were found this morn-
ing by Miss Rose Rist, a domestic who
returned to the Vogel home after a
night spent with relatives.

Mr. and Mrs. Vogel are believed to
have been called to the door by two
men who seized them, bound their
hands behind their backs, and when
they made an outcry, beat them to
death. The house was ransacked in
an effort to obtain money, rumored to
have been kept by the Vogels.

The room in which the murder took
place, gave evidence that the aged
couple offered a desperate resistance.

EQUIPMENT OF GERMANS IS SUPERB

Strategic Position is Bet-
ter Than Ever—In the
Carpathians However the
Russians Appear the Bet-
ter.

Associated Press Telegram
London, Feb. 12.—The Russian in-
cursion into East Prussia appears,
judging from dispatches reaching
London, likely to be as short-lived as
were the previous Russian raids into
this same district. Germany's superb
equipment and strategic railways in
this territory, have enabled her with-
in a few days to throw immense
bodies of troops against the invaders.

In the present case, the German
soldiers appear to have been rushed
into East Prussia from both Poland
and interior points.

In the Carpathians, the situation
looks favorable to the Russians, who
are pressing against the Austrian de-
fenses at three of the most important
mountain passes, and this in spite of
the difficulties interposed by snow
blockaded roads.

Berlin admits that the Russians
have entered Hungarian territory at
several points in the Carpathian dis-
trict, but declares these positions
were most dearly bought in view of
the terrible casualties inflicted by
Austrian artillery and machine guns
on the Russian massed formations.

In Russian Poland, the Germans
hold the belief that Russia is pre-
paring to fall back to her second line
and the Russian trench defenses in that
region will be assisted by the flooding
of great sections of the intervening
country.

The London newspapers profess to
believe that the German submarine at-
tack on the British steamer "Laertes"
flying the Dutch flag will precipitate
more stringent measures against Ger-
man trade which was promised by
Premier Asquith in a speech delivered
yesterday in the House of Commons.
The Daily Mail says it believes the
government will announce a complete
blockade of the German coast, as a re-
sult of which all goods to Germany by
sea will be liable to seizure.

A wireless dispatch from Berlin re-
ports that an aeroplane, presumably
French, has dropped bombs in the har-
bor of Flushing, which is Dutch ter-
ritory, but no news of such an occur-
rence has been received from Holland.
The Balkan states evidently are
furthering their endeavors to reach an
amicable settlement of their disagree-
ments before entering the conflict. In
this adjustment, it is presumed that
Bulgaria will get material territorial
concessions from both Serbia and
Rumania.

Granville Post Office Burglarized but Only Ten Dollars Were Taken

(Special to The Advocate)
Granville, Feb. 12.—Last night the
Granville postoffice was entered by
burglars and everything in sight car-
ried away. This is the third raid on
Uncle Sam since Mr. Austin has been
postmaster, and as wisdom increases
with experience, he long ago aban-
doned the practice of locking the safe.
Consequently, there is little damage
done, and the loss to the office will
amount to very little, about \$10 in
small change.

The marauders seem to have first
smashed the window in the west door,
opening on Main street, but finding
that securely barred above and below,
and unable to force the front door,
they transferred their attentions to the
east side of the building, effecting an
entrance through a window into
Squire Dargatz's office, secretary of
the Building and Loan association.
From there the rest was easy, break-
ing locks of the intervening doors,
they found themselves in the post-
office, and everything at their mercy.
Fortunately, as before stated, there
was little they could accomplish, save

make a good deal of trouble for the
postmaster and clerks.

Marshal Shipley says that at mid-
night everything was as yet undis-
turbed, so that the attempt must have
been made in the small hours.

CURE YOUR COLD IN A FEW HOURS AND FEEL FINE

Relief comes instantly. A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold, either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

RHINE'S LIBERTY WAS BRIEF; GETS LONG SENTENCE

Mike Rhine, a plke laborer, who has spent many weeks this winter in the city and county jail, is back again. He was released Thursday morning after serving a sentence in a cell on bread and water. He came

back again when officers found him last night drunk. Mayor Bigbee assessed a fine of \$29 and costs and ordered him again confined to a cell on bread and water. "If you propose to live in the city prison and county jail long enough to establish a residence in this county, so you can gain admission to the infirmary we'll make it as uncomfortable for you as possible," said the mayor in passing the sentence.

HURLED ICE THROUGH THE WINDOW PANES

Gene Rogers, arrested Wednesday night on a charge of being drunk and maliciously destroying property, was fined \$5, and costs on the drunk charge and bound over to the grand jury under \$200 bond for destroying property, Friday morning when arraigned before Mayor Bigbee. Wednesday night he attempted to gain entrance to the municipal light plant. Finding the doors locked and being refused admission, he hurled several chunks of ice through the window. Three drunks and four train riders and loiterers were fined nominal sums.

LIGHT COMPANY TAKES LEASE ON CONRAD BUILDING

Mr. H. L. Montgomery, general manager of the Ohio Light and Power company, announced this morning that his company had secured a ten year lease on the first and second floors of the Conrad grocery building, effective April 1st.

The Conrad grocery will after April 1st occupy two of the Church street rooms in the new Masonic Temple. As soon as Mr. Clement vacates his present room the Conrad building will be remodeled and put in splendid condition for the Ohio Light and Power company. The floor will be lowered, a new front will be put in and an inside stairway will be built to the second floor. The first and second floors of the building will be fitted up for offices of the lighting company.

Fairmount Revival.

Great interest is sustained at the Fairmount Presbyterian church, two miles east of Jacksontown. Mr. Ray Evans of Newark is assisting the

pastor, Rev. D. A. Greene in evangelistic services. Large crowds are attending, and intense interest is shown. On account of meetings at the U. B. church, several times it was planned to close the meetings, but such pressure was brought to bear, especially by the new converts and those seriously concerned, that the meetings will probably be continued next week.

Mr. Evans speaks each evening and proclaims a plain gospel most earnestly and effectively, showing clearly that he is well adapted to evangelistic work.

Robert Yost, a native of Licking county, preached a most persuasive sermon to a large audience on Thursday evening. On Wednesday evening Mr. Evans brought a trio from Newark, who sang gospel songs into the hearts of the people.

There will be services on Sunday both morning and evening. Rev. Mr. Green and Mr. Evans will both be present in the morning when new members will be received.

Mr. Evans will speak in the evening and Rev. Mr. Greene will speak at Woodside. Rev. Mr. Northey will speak at Woodside Sunday morning.

INVESTIGATION OF CONDUCT OF FEDERAL JUDGE

(ASSOCIATED PRESS TELEGRAM)
Parkersburg, W. Va., Feb. 12.—Investigation into the charges against Federal Judge A. G. Dayton of the northern district of West Virginia, scheduled to begin here this afternoon before Representatives McGillicuddy of Maine; Danforth of New York, and Gard of Ohio, a sub-committee of the judiciary committee of the house of representatives, brought together many of the leading lawyers of West Virginia and a number of organized labor men on whose complaint the charges were filed by Representative M. M. Neely of the First West Virginia district.

The resolution under which the committee will take testimony, directs that it inquire whether Judge Dayton conspired with certain corporations and individuals to bring about the removal of the late Judge John J. Jackson as judge of the federal district court; whether he has shown marked favoritism to certain corporations having extensive litigation in his court and has summoned as jurors persons connected with these corporations; whether he has used his power as judge to further the interests of his son, Attorney Arthur Dayton; whether he has lent his services as judge to coal operators by improperly issuing injunctions; whether he has shown hatred and bitterness toward miners on trial in his court; whether he has used his office to discourage miners from exercising their rights to organize and prohibit assembly; whether he conspired with certain corporations in the formation of a carbon trust in violation of the law; whether he openly stated he would not permit the United Mine Workers of America to exist within the jurisdiction of his court; whether he has said in open court that the United Mine Workers were criminal conspirators, and finally, whether he has been guilty of any act for which he should be impeached.

The charges were filed after a number of miners had been imprisoned for violating an injunction issued by Judge Dayton in connection with the strike at the Hitchman mine near Wheeling.

Billy Sunday.

Billy Sunday, ex-ball player, now the world's greatest evangelist, has the third largest city in America sitting up and taking notice. The Philadelphia newspapers whose paragraphs poked fun at the Columbus papers for giving great space to Sunday in his Columbus campaign in 1913, are now giving whole pages to Sunday's meetings. Though the Philadelphia campaign is just getting well under way, his list of converts has already reached the 20,000 mark and is growing at the rate of hundreds every day. A man who can accomplish what Billy Sunday is accomplishing is not to be sneered at, is not to be ridiculed or denounced.

Long faced pious folk may grieve as they contemplate Sunday's doctrines and complain of his "coarse" language but it's results that Mr. Sunday is after and even his critics are forced to admit that he is getting results.

Three years ago Mr. Sunday conducted a campaign in Portsmouth—a city the size of Newark. He took the town by storm but the critics said that Billy had reached his limit in Portsmouth. Then two years ago came his Columbus campaign where over 18,000 people publicly confessed Christianity. Again the wise-ones declared that Sunday could never equal his Columbus record, but along comes Philadelphia with the greatest revival this country has yet seen and it seems probable that even a greater one awaits Mr. Sunday in New York.

Last Sunday people assembled at the Philadelphia tabernacle at 5 a. m. and stood in line for the services which started at 10 o'clock. The tabernacle seats 18,000 yet it is not large enough to hold those who would attend the services.

Lighting Contract.

A contract made by the city with the Ohio Light and Power Company to light the streets of Newark will not give that corporation a "strangle hold" on the city as some people fear. Newark can at a more convenient season go into the lighting business if she desires but just now Newark's bonded indebtedness is sufficiently large and the city should embrace the opportunity of obtaining electric current at a price which many contend is as low or lower than the city could produce it at its own plant.

Straight from Shoulder.

Former Speaker Swain of the Eightieth General Assembly appeared before the Ohio legislative committee in behalf of the law providing for the present agricultural commission and talked straight from the shoulder. Pointing out the wonderful possibilities for Ohio in the continuance of the work so well started under the Cox administration he said: "If it is the jobs you are after, take them, but do not disturb the work." And in this Mr. Swain expressed the feeling of hundreds of thousands of people interested in the welfare of Ohio.

Feb. 12 in American History.

1800—Abraham Lincoln, sixteenth president of the United States, born in Hardin county, Ky.; died April 15, 1865, from the effects of a pistol shot wound at the hands of John Wilkes Booth.

1866—Federal land troops and naval fleet on Cape Fear River, blocked the Confederate lines at Fort Anderson, N. C.

1911—General Alexander S. Welsh, U. S. A., retired, whose brigade defended the "Bloody Angle" at Gettysburg, died; born 1825.

ASTRONOMICAL EVENTS.

Erening stars: Saturn, Mars, Mercury, Jupiter. Morning stars: Venus. A brilliant array of stars appears south and south-west in the evening, the group known as Orion being most noticeable.

National Debt.

The bonded debt of the United States on October 1, was \$968,820,550. The bonds issued for building the Panama Canal amounted to \$134,631,989. Of the rest of the debt part was issued for Spanish War expenses, part for maintaining the stability of the currency in Cleveland's Administration and part for refunding the Civil War debt. The remaining amount of which is about 470 million dollars.

Parent-Teacher Associations are being formed in many places, but the Small Boy can usually handle them both, even if they do combine against him.

The modern dances have been so standardized that they don't go out of style until you have paid the dancing master for teaching them to you.

Many of the Woman's Clubs are studying the philosophy of Bergesen this winter, which is considered an excellent preparation for making the muffins for supper.

Many people have decided to mortify the flesh during Lent by cutting out a lot of things they don't want to do.

The girls' colleges are now playing basketball. Time called for use on mirrors.

Buying New Clothes.

(New York World.)
Among the manufacturing industries of the country the steel industry is fundamental to all. Among the patrons of the steel industry the railroads stand first of all. When the railroads begin to buy rails and engines and supplies on an extended scale, other users of steel begin to move into line, and the demand of the steel industry in turn radiates out in all directions. A general industrial revival begins.

The railroads have started their buying movement. Chicago figures up \$30,000,000 of contracts placed by them within thirty days. This news is accompanied by reports of iron furnaces being blown in and rail and other steel plants reopening or going from part to full time.

It is an old saying that where America takes to wearing its old clothes, it can place the whole world under tribute. It is equally true that when the railroads begin to buy new clothes, the signal is set for the whole nation that the old clothes are played out altogether and that it is time to replenish the wardrobe all around.

That signal is now flying.

Let the Women Defeat It!

(Columbus Citizen.)
Reno "business men" want the present divorce laws, requiring 12 months' residence, amended, and the old six months' clause restored. They also advocate the passage of the Pari-Mutuel and horse racing bill now pending in the state legislature.

Women voters of the state protest vigorously against any changes in the present law and are assembling in mass meetings everywhere to in flate measures to block the proposed action.

It resolves itself into a question of selfish business interest as opposed to public decency; whether Nevada goes forward or backward. Whether under the cloak of "better business," Nevada is to become once more the refuge of the matrimonially derelict and the mercenary of the divorce lawyer and the merrit of the tin horn sport, or is to remain a place of abode for a clean and virile people.

It's not our affair. It's Nevada's. But, as usual the women are right.

The War Against Disease.

(Pittsburg Dispatch.)
The most striking feature of the mortality statistics for 1913, just issued by the Census Bureau, is the showing that the decline in the death rate from tuberculosis, which has been continuous, although irregular, since 1904, showed a further decrease. On the contrary cancer has shown an almost continuous increase, two years alone marking decreases, between 1900 and 1913. While in

the 13 years' pronounced progress has been made in reducing the death rate from typhoid fever, scarlet fever, diphtheria and pneumonia there was a slight increase in the last year, indicating laxity in the enforcement of preventative regulations in the contagious cases, which should be corrected.

Another exhibit of the report will surprise many, showing that the automobile is still less deadly than the horse although for the first time the motor driven vehicle is charged with more fatalities than all other vehicles or street cars.

The death rate for 1913 was the lowest record, 13.9, and while that of 1913 showed a fractional increase to 14.1, the general decline since the 19.8 of 1880 is encouraging. Fluctuations so slight may be accounted for by a variety of causes, weather conditions included, without being considered retrogressive.

Woman Suffrage Now a Real Issue.

(New York World.)

It was certain that the Assembly would pass the Woman-Suffrage Amendment to the State Constitution whenever it came to a vote. Both parties in their platforms had pledged themselves to confirm the action or last year's Legislature in order that the measure might be submitted to a popular vote next November. It follows without question that the Senate will approve the amendment as a matter of form.

When the Constitutional Convention meets, the Woman-Suffrage issue will again present itself for consideration. That the Convention will be influenced to some extent by the fact that two successive Legislatures have voted to open the way for enfranchisement of woman in altogether probable. It will have the choice of two favorable courses. If it hesitates to provide for Woman Suffrage in the body of the new Constitution, it can submit a separate amendment.

In any event, Woman Suffrage will be a live campaign issue this year in New York State.

Starving Them Out.

The Cologne Gazette points out that if Germany is to be starved out the process will begin with the 600,000 prisoners of war and the 11,000,000 population of the parts of France and Belgium occupied by German troops. No exception can be taken to this. No nation will stint its fighting men in order to make its prisoners of war comfortable, or care for the civil population in conquered territory. Most of the horrors of Andersonville were due to the fact that the Confederacy did not have enough food for its own soldiers, and its prisoners could not hope to fare better than they.—Philadelphia Record.

Prize In New York.

A New York judge says half the men of that city beat and choke their wives, which goes to show that they elect bigger liars to judicial positions in New York than anywhere else on earth.—Florida Times-Union.

Mayo Brothers, Surgeons.

Another deadly assault on our liberties seems to be contemplated by the famous Mayo brothers, surgeons, who intend to establish a million-dollar foundation for medical research. If Mr. Walsh's Federal Commission on Industrial Relations is any good, it will take a special train to Rochester, Minn., without delay and head off this atrocity.—New York World.

World's Richest Men.

Mr. Carnegie and Mr. Rockefeller are both experienced and adroit witnesses. But after they have enlivened proceedings, according to their individual peculiarities, the question remains whether benevolent feudalism is to be accepted as a proper part of a democratic system of government.—Pittsburg Dispatch.

Heroism Indeed.

These are times when heroism assumes many striking forms. Not to pass unnoticed is that of President Farrell, of the United States Steel Corporation, in venturing before an audience of Pittsburgh business men to profess a great, on-coming prosperity which will be here before the Republicans have time to get back into power and restore the high tariff. He ought to be given a Carnegie medal.—New York World.

Admiral Mahan's View of War.
Any citizen who is considering the question of armament is invited to admit to his reflections these words, written late last September to a friend by Admiral Mahan:

"I have no quarrel with any method that will minimize the occurrence of war, but I have much quarrel with the charlatanism that ignores facts, and bases statements as confident as they are absurd upon misrepresentation."

"At present, and probably for several years—perhaps a generation—the suffering and social disturbance attending this war will disincite people to a renewal. But the grass will grow over the graves, the troubles of the party forgotten, and new causes of offense will cause new wars until the spirit of man undergo a change. The human habit, acting upon sentiments and interests, is the cause of war; no methods can avoid it except as they deal with the inner man."—Life.

SUSPENSE.

The saddest job on earth is waiting, for good or ill—it's just the same; at other times the hours go skating, but when we wait they're halt and lame. Some dire misfortune we are dreading; the waiting's worse than the blow; we say, "We'd think it better slodding, if grief would do its worst and go." The man who's waiting for the sheriff to lead him to the gallows floor, and there reduce him to a heap of ligand when all the waiting's over. We wait for some expected blow, with noses that buoy, and fears that rack; and

man, provided, she is afforded opportunity frequently to remind him of the fact.

Customs differ. In our town the formalities of introduction have been complied with when you say: "Mr. Jones, shake hands with Mr. Smith."

In our town a man who is in society is expected to own "full dress" clothes. But the borrowing of a "dress" shirt or a dinner jacket is considered permissible.

In time, a man ceases to believe that he is handsome. But he never gets over the notion that women are attracted to him.

Contrary to the general opinion, women do not dress for men. Women dress for other women.

Nest to a good time, good gravy is the most difficult thing to find.

Men hear more risque stories, but women remember them better.

The stories of a hero's daring are the coward's greatest punishment.

Mustarine Conquers Sore Throat and Chest Colds

Just Rub It On and away goes Lumbago, Neuralgia, Lameback or Soreness. Will Not Blister.

Go to any live druggist today, lay down 25 cents; say: "I want a box of BEGY'S MUSTARINE," and stop worrying about aches and pains. Rub it on tonight and you won't have any chest cold in the morning. It stops coughs the same way, and sore throat, stiff neck, pleurisy and tonsillitis. It relieves croup speedily and draws out inflammation anywhere.

It drives away rheumatic pains, relieves neuritis, stops lumbago almost instantly and quickly reduces swollen joints and muscles. Money back if BEGY'S MUSTARINE isn't the best remedy you ever used to immediately banish headache, earache, toothache and neuralgia. Splendid for lame back, sprains, bruises, sore muscles, chilblains, callouses, bunions, frosted feet and to turn cold feet into warm ones. Be sure it's BEGY'S MUSTARINE in the yellow box. It's the original mustard preparation and a box is equal to fifty mustard plasters. T. J. Evans can supply you.

UNITED STATES WARNS GERMANY AND ENGLAND

(ASSOCIATED PRESS TELEGRAM)
Washington, Feb. 12.—The note to Germany warning against menace to American lives and property in the new naval war zone about the British Isles, and the note to Great Britain, pointing out the danger to neutral shipping by any general use of the American flag over belligerent merchant vessels, were discussed at today's cabinet meeting, but all administration officials refrained from comment upon them. Secretary Bryan would say no more than that the United States had not yet been officially advised of the receipt of the papers in London and Berlin.

GENUINE PRESCRIPTION FOR ALL RHEUMATISM

Satisfaction Guaranteed or Money Back, Says T. J. Evans.

Rheuma—that is the name of the scientific prescription that is putting old rheumatism out of business. Rheuma cures by driving the uric acid from the blood. It also acts directly on the kidneys and is better for them than most so-called kidney cures.

Porter Smith, Dobbin, W. Va., writes: "I have been a great sufferer from rheumatism for about 26 years. The disease had become chronic. I began taking Rheuma with little faith in its virtues, but was better from the first day I began its use, and at this time have no more pains."

T. J. Evans and all druggists sell Rheuma, and no rheumatic sufferer can afford not to use it. 50 cents a bottle. Your money back if not satisfied.

DULL, SPLITTING, SICK HEADACHE

You take a Dr. James' Headache Powder and in just a few moments your head clears and all neuralgia and pain fades away. It's the quickest and surest relief for headache, whether dull, throbbing, splitting or nerve-racking. Send someone to the drug store and get a dime package now. Quit suffering—it's so needless. Be sure you get Dr. James' Headache Powder—then there will be no disappointment.

REJUVENATING BATHS.

Many women make their bath much too lengthy a function, with the result that not only the skin, but the whole system becomes enervated. The hot bath should be taken quickly, followed by a sponge-down or douche of cold or tepid water, and a brisk towel to promote circulation.

After long exercise, or when one is tired, and especially for sufferers from colds, rheumatism, or neuralgia, a "mustard bath" is a wonderful tonic, and is so easily prepared, also. One merely dissolves from one to two teaspoonfuls in hot water, or voila! The cold douche is not required after a mustard bath.

Two brushes for use in the bath-room are particularly good. One is the bathtub brush with bristles mounted in a convex form, adapted to the contour of the tub. The handle is long enough to enable one to scour the tub without stooping over.

The other is cleverly contrived to clean the basin of the toilet closet more thoroughly than the usual mop or cloth. The brush is round and has very stiff bristles, but its special ingenuity consists in the springs which attaches it to the handle. This is of stout wire, bending in any direction, and its pliability permits the brush to reach every part of the basin, even some distance down the turn of the drain. The handle need never come in contact with the water.

SOFT FLUFFY HAIR IS FIRST AID TO BEAUTY

If your hair is not fluffy, soft and lustrous, is falling out, streaked, faded, brittle, or full of dandruff, and if the scalp itches, do not think it must always be that way, for pretty hair is only a matter of care and the use of the proper hair dressing. Your hair is like a plant—if neglected it soon dies, while with a little attention it keeps fresh and beautiful.

Parisian Sage is a scientific preparation that supplies just the elements needed to invigorate the hair roots and stimulate your hair to grow long, thick, fluffy, soft and lustrous. It removes all dandruff with one application and quickly stops itching head and falling hair. It is the ideal hair tonic and scalp treatment—contains nothing injurious and is delicately perfumed.

T. J. Evans, or any druggist, can supply you with Parisian Sage—it is inexpensive. You cannot be disappointed with this delightful and helpful toilet necessity, for it will surely give you hair the beauty and charm of youth.

YOUR BOYS AND GIRLS

Every child's room should have a private desk or table where he may write. Here he should have a stock of pens, penholders, pencils, pads and writing paper, and he should be trained to use these materials frequently.

Such a bit of property helps him to cultivate neatness and order. If he evidences slovenliness at first, the mother should urge him to orderliness and inspect his desk until he has attained neatness.

It should be impressed upon him that this is part of his training, that as a man he will always need to keep his papers in place and in order, and that if he is to be in the employ of others, it will be to his advantage to have formed good habits in such matters.

A Study in Slang.

"Yes, I've cut out the slang stuff," Nell was telling her latest "gentleman friend."

"Gee, but my talking was getting fierce. I'd worked up a line of table material that had George Ade backed off the map and guessin' for wind, but I've ditched all that now. I seen it was to me to switch on to another track."

"Jammed on my emergency brakes one day and says to me: 'You mutt, where do you think you'll wind up if you don't slough this rough guff you're shovin' across on your unprotected friends?' You never will land a Johnny boy that's got enough guff matter in his cupola to want a real, bang up, daisy lady for his kiddo instead of a skirt that polsters like a brainstorm with a busted steerin' gear. Any girl can talk like a lady even if she never gets closer to one than to stretch her neck when some swell dame buzzes past in her gas wagon. It's to re-formate your grammar, little sister. And you betcher sweet life I've cut the mustard!"—Hartford Times.

THIN FOLKS WHO WOULD BE FAT

Increase in Weight Ten Pounds or More.

A Physician's Advice.

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by Evans Drug Store and other good druggists everywhere and every package contains a guarantee of weight increase or money back.

Caution:—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or more.

With some people honesty is the best policy, when everything else fails.

The Delightful Exhilaration of Florida Air & Sunshine brought to Your Home in Her Matchless Grapefruit

A box of ripe Florida grapefruit will give you a hint of the glories of the State. Confined in the golden globes it contains you will find juice that is the essence of summer sunshine, the softness of semi-tropical breezes, the fragrance of the blossoms of the groves.

Thousands of persons with tired stomachs and jaded nerves have been started on the return road to health by this delightful fruit. Many a brain worker finds an ample breakfast in a Florida grapefruit and enjoys the fruit equally when served for luncheon and dinner.

Only tree-ripened grapefruit are good—when grown in Florida and fully ripe they are delicious. The progressive citrus growers of Florida allow all their fruit to ripen on the trees. They are members of a co-operative body known as the Florida Citrus Exchange.

The Florida orange is full almost to bursting with juice—the concentrated essence of spicy dew, jeweled rain-drops, balmy breezes, sunshine and moonlight. Disregard the more outward appearance and drink the juice freely.

The Exchange stands for a square deal to all concerned—for the grower, the dealer and the consumer. It strives to give the consumer good fruit at fair prices, to allow the dealer a living profit for his service in distribution and return the grower a proper return on his labor.

The growers in the Exchange cultivate their groves by methods that insure fruit of quality, and pick, pack and ship it to reach the users in prime condition. They work on the theory that whatever is for the good of the consumers of citrus fruits is equally desirable for the growers.

When you buy grapefruit in boxes shipped by the Florida Citrus Exchange, they will come to you with all the flavor and fragrance of the groves of fair Florida. When you open the boxes in your cellar you will find the fruit as fresh and juicy as if you had picked it in the groves.

Florida Fruits Are Food and Drink

Citrus fruits grown in Florida have many uses because they are so juicy, well flavored and generally delicious. They afford both food and drink and are of great value in cookery and confections.

Obituary

Rev. E. B. Jones, D. D., a former pastor of the Fifth Street Baptist church of this city, died suddenly at Troy, O., last evening of acute indigestion. He had been in his usual good health previous to this time. Rev. Jones was very successful in his work and will be remembered as occupying a spartan here about twenty years ago. His funeral will take place Saturday, conducted by Dr. Charles H. Stull, pastor of the Fifth Street Baptist church of this city. Rev. Jones succeeded Dr. Stull at Troy when the latter accepted the pastorate in this city. Dr. Stull will be in Newark for the regular Sunday service.

LIFELONG WAS WOMAN'S DISTRESS

But Nerv-Worth Magically Overcame Troubles Caused by Disorders of the Nerves.

"My daughter, Mrs. Frank (Clara) Priest, has been troubled with a general nervous breakdown. She could not sleep at nights and suffered with terrible nervous headaches. She has been nervous all her life, growing worse as she grew older. By accident she heard of Nerv-Worth and gave the same a trial. Since taking it she is a greatly helped woman and can't say enough for the medicine. Having done such wonders in helping her, in such a nervous state as she was, one of the worst nervous cases ever heard of, there are few if any cases Nerv-Worth won't cure. Nothing did her any good before Nerv-Worth came to the rescue. Anyone can reach Mrs. Priest over the Citizens telephone, Hanover Exchange, and she will be only too glad to tell what Nerv-Worth did for her. Mrs. Priest's husband who complained of a run-down constitution, has also taken Nerv-Worth and gained great results. Both are strong endorsers of Nerv-Worth."

These are the words used by Mr. Simeon Priest, with the consent of his daughter, Mrs. Frank (Clara) Priest of Hanover.

Ask Druggist Evans, Warden Block, for a sample dose of Nerv-Worth. Buy a dollar bottle of him and test its contents. Money back if they don't help you.

MORS' MENTAL BALANCE IS QUESTIONED

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 12.—While on his way from Bellevue hospital to the Westchester county jail in White Plains on a warrant charging him with the murder of "Henry Horn and others," aged inmates of the German Odd Fellows home, Frederick Mors made a statement yesterday in which he said that "I considered well my actions and then decided that it was my duty to put those old men and women out of their pain, their suffering and the horrors of the long sleepless nights."

Mors had just been declared "mentally unwell" by the Bellevue hospital alienist and now awaits the action of the grand jury, as the first step in a move to inquire into his sanity.

Mors, who is 26 years old, came to this country about 10 months ago, he said, and last July obtained employment at the German Odd Fellows home near Yonkers.

When asked if any of the eight persons he confessed to having killed had requested him to end their misery, Mors said:

"Two of them." His reason for confessing to the district attorney of New York City was that he feared an investigation and that he thought that, according to the law, he would gain immunity by so doing.

Investigation of Mors' story will be resumed in Yonkers on Monday.

RETIREMENT

OF RUSSIAN FORCES EXPLAINED AS A TACTICAL NECESSITY

Secrecy as to Movements will be the Policy of the Petrograd Office.

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Feb. 12.—Further explanation of the retirement of the Russian forces in East Prussia is made today in an official statement, which says:

"It is believed we are upon the eve of a great operation which must solve definitely the struggle in East Prussia."

Warning is given that because of the necessity for military secrecy, little information may be expected regarding the operations which are about to begin. The Russians are seeking the shelter of their own fortresses, the statement asserts before attempting to take "more concentrated" locations from which to oppose the heavily reinforced Germans.

The Russians claim the garrison of the fortress of Przemyśl is exhausting itself in fruitless sorties. A final repulse of the Germans who temporarily occupied the heights of Kozlovka after twenty-two assaults is reported. The communication follows:

"It has been established that recently there have appeared in East Prussia four new corps of the German army consisting partly of troops transported from the west front partly of new recruits and partly of reserve forces."

"This radically changed conditions and involved the necessity of our troops retiring in order to facilitate repositioning to locations more concentrated. This object, it was believed, could be better attained upon our own territory in the shelter of our fortresses."

"It is believed we are upon the eve of a great operation which must solve definitely the struggle in East Prussia."

"This circumstance renders it necessary that few inquiries be made concerning future combats, taking account of the strict necessity for the observance of military secrecy."

"After twenty-two frustrated attempts the Germans succeeded in occupying in great force, after a desperate struggle, the heights of Kozlovka, but were dislodged after a violent bayonet attack, leaving 400 dead."

"The garrison of the fortress of Przemyśl is exhausting itself in fruitless attacks, maintaining an irregular fire against our blockading troops."

"On the Black Sea, the Russians have sunk the Turkish transport Broussa, laden with 50,000 pounds of provisions."

At a sale recently held in London 48 semi-precious stones were sold, on each of which is a natural representation of human heads or animal or bird forms.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after-effects. They don't injure the delicate stomach, liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums, so do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and heavy. Note how they "relax" the bowels and how they "perk up" the spirits. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

Vest Pocket Remedy That Quickly Ends Indigestion

Eat What You Please and Never Fear After-Digestion.

There is a perfectly safe and sure way for you to eat whatever your stomach craves and do it over again the next day. Many will say, "How I wish I could eat that, but I have tried and every time it nearly kills me."

People get in a condition like this only because they are not taking proper care of their stomach.

Every stomach has a lot of work to perform in digesting the food and if crowded with extra labor it rebels and kicks up a fearful disturbance. There is a simple, harmless, inexpensive and most effective prescription, easily obtained at any drug store called Mi-o-na that will quickly stop this disturbance. These little vest pocket Mi-o-na Stomach Tablets were especially prepared to regulate out-of-order stomachs. They not only help the over-worked digestive organs by increasing the flow of gastric juices, but surely and safely build up and strengthen the stomach walls so that the stomach can take care of the food as nature intended.

It's needless for you to suffer with indigestion, heartburn, biliousness, sour, gassy or upset stomach, for Mi-o-na will give prompt and lasting relief every time. ADVANCE MADE IN THE PRICE OF EYEGLASSES

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 12.—The largest advance in prices of eyeglasses and spectacles ever made at one time, it is said, is announced in price lists issued today by manufacturers. The amount of the increase, which is on lenses, is estimated at from 25 to 50 per cent. About 10,000,000 people in the United States use glasses.

In the absence of an explanation by the manufacturers for the advance local wholesalers state that the war is the chief cause. Opticians also assert that fashions in eyeglasses, which recently have decreed that large lenses shall be worn, are responsible for increased cost of manufacture.

NEGRO MADE A CONFESSION OF COWARDLY CRIME

(ASSOCIATED PRESS TELEGRAM)
Elizabethtown, Tenn., Feb. 12.—Clyde Stover, the negro arrested here Wednesday as a suspect in connection with the murder near Watauga, Fla., of Alonzo G. Gardner, of Baltimore, confessed early today, according to Sheriff Ausbrooks, that he killed Gardner and also his brother, Horace B. Gardner of Springfield, Mass., who is missing.

The negro, who piloted a yacht for the brothers on a camping trip, shot them in the back, the alleged confession said, because they forced him to dance at the point of a gun. One was shot, the negro is alleged to have confessed, as he was butchering a pig some distance from the camp. The other was killed, he said, a short time later at another place.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

Elk Minstrel Pleases Capacity Audience At Auditorium Theatre

Every seat in the large Auditorium was sold Thursday evening for the Elk minstrel. Standing room was at a premium and double price was offered for seats on the lower floor before the curtain raised.

The audience was a little slow in getting to the theater and the consequence was that scores of people interfered with others by coming late. The entertainment started promptly at 8:15 and disclosed a pretty stage setting and a black face circle. After the singing of the medley the end men were introduced by the interlocutor, Mr. H. D. Hale, who was

dressed in satin colonial court costume and who performed the functions of his office in a satisfactory manner.

The entire circle was dressed in handsome colonial costumes, with the exception of the end men, who were garbed in the long silk frock coats and long trousers. The setting as a whole was very elaborate.

The singing and marching of the auxiliary ends and double quartet were splendidly received and as they went through the intricate movements and marches they were loudly applauded. This was one of the im-

portant features of the big show and many compliments were passed on their excellent work. The auxiliary end men were H. J. Glancy, R. C. Brennan, H. E. Ingram, Bernard L. Ewald, Jas. A. Claytor, Max W. Bader, L. J. Sullivan and Wm. F. Winters. Those of the double quartet were Walter F. Brown, Val Crider, Emil Lautenschlager, Frank J. Ewald, Carl T. Myers, Geo. R. Rohan, John J. Lahley and F. E. Fisher.

The introduction of the first edition of premier end men brought Carl Jones, Ralph Liscomb, Johnny Dolan and Herbert Webber upon the stage and their jokes were all good and clean and caused a great deal of laughter. Mr. Jones sang "Back to Dixie Land" just like an old professional. Mr. Liscomb, always at home on the stage, as usual made one of the big hits of the evening. His comical rendition of "The Darktown Poker Club" was equal to that of any professional.

Clyde Reasoner, president of the Ohio Association of Elks, and member of Zanesville lodge, No. 114, sang "In an Old Fashioned Town." Mr. Reasoner captured the audience and his singing assisted materially in enhancing the song numbers of the program.

Dio "Val" Crider was a new soloist and was heard for the first time in an Elk minstrel. He has always assisted the Elks in their entertainments and his comedy work was a surprise to his most intimate friends, all of whom aver that he is a natural born comedian. His readiness to take any place assigned him on the program has always been a great help in the annual Elk productions and when he was requested to sing a solo in the first part he cheerfully complied. His song was nicely interpreted and one of the hits of the evening.

Johnny Dolan as usual was brim full of good things and he handed them out in rapid fire manner. He made a good end man and kept the audience in good humor with his funniness.

Herbert Webber had many good jokes and his local "takeoffs" were greatly enjoyed. Herb is a natural comedian and could be pitted with any professional. He made good with a vengeance and was highly praised for his good work.

Interlocutor Hale next introduced the two premier comedians, Messrs. Al Gleichauf and James R. Cooper. These two young men covered themselves with glory. Mr. Gleichauf is a natural comedian and his witticisms were up to date and kept his audience in waiting for the others which were to follow. His singing of "I Want to Linger" was done in a splendid manner and led his friends to believe that he is not a novice at the business. James Cooper was a revelation in the theatrical line. James is good at anything but he excels as a blackface comedian. He had many good jokes and he knew how to "spring" them to get the best results. As a vocalist he can be depended on to deliver the goods. Mr. Cooper's rendition of "He's a Rag Picker" was one of the big hits and proved that "Jimmie" can sing just as well as he can act.

Frank Ewald had the next song number, "Let Bygones Be Bygones." An Elk minstrel without a song number by Mr. Ewald would not be complete. He is one of the city's best known soloists and as usual scored a

pronounced success. Mr. Ewald was laboring under a severe strain having a terrible cold and came direct from a sick room to assist his brother Elks.

Harvey Moore, of Columbus, had the last song number on the program, "When You're a Long, Long Way From Home." Mr. Moore is possibly one of the best known singers in Ohio. On Feb. 6, last Saturday, he completed two years of singing in the grill room of the Virginia hotel at Columbus. That speaks volumes for his voice, as the length of continuous service in that capacity is probably the record for the United States. Mr. Moore is a great favorite in Newark and he was warmly greeted when he made his appearance. As usual he "covered himself with glory."

The singing of the chorus from "Back to Dixie Land" closed the first part and after an overture by the orchestra the olio opened with a monologist "stuffed" by Harry Hale Haynes, of Upper Sandusky, O., and a nephew of Interlocutor Hale.

The young man is a member of the sophomore class in high school and has never had any special training along theatrical lines. His negro dialect was excellent and his act above the average. His singing of "The Little Ford Rumbled Right Along" closed the monologue.

A movie constellation in one part by H. J. Glancy as "Charles the Mountaineer," A. J. Claytor as "Nell, His Wife," and Nelson Metz as "Jake, the Villain," was an inno-

vation seen for the first time in this city. It represented a one reel "movie play" and kept the audience in an uproar. The three young men were very clever and were the recipients of many compliments for their good work in the movies.

A violin solo by Donald Kissane was the next number of the olio and the young man displayed extraordinary talent in his rendition. He is a musician of more than ordinary ability and handles his instrument like an old master. A brass quartet composed of Fred Abbott, Geo. Risher, Ed. Lyons and Otis Riggs next rendered two pleasing selections. These four gentlemen are members of the Buckeye band and also assisted in the orchestra. The act throughout was more than pleasing.

Walter F. Brown and Ned Putnam in the latest and original dances scored a tremendous success. They danced to the music of a victrola and were garbed in Mexican costumes. Mr. Putnam representing the senorita. They demonstrated the one-step, hesitation, Maxine and fox trot. Professionals possibly could not have done better than these two young men, their every move being lithe and graceful. As they glided about the stage they executed difficult steps and acrobatic feats that almost seemed an impossibility. Their dancing drew forth round after round of applause.

Moore, Sharr and Hobbs in a sketch entitled "A Night at the Virginia Hotel at Columbus," made an instantaneous hit. All are musicians

of the highest class and are engaged in the Virginia grill room. It was only through the courtesy of the manager of that hostelry that the services of the three gentlemen could be secured and knowing of Mr. Moore's popularity in this city, where he managed the Orpheum theater for a couple of seasons, he permitted them to assist in the local entertainment. Mr. Moore's excellent voice, Mr. Hobbs on the piano and Mr. Sharr as the comedian violinist are a trio well worth hearing. Their act was roundly applauded and the audience was eager for each number. It was one of the best acts on the minstrel program.

The minstrel concluded with a one act skit, "The Wedding of Little Snowball." This was participated in by members of the company, all of whom did nicely. Allan Coffman as "Smoky Hobbs" the groom, and Warner "Cupid" Devore as "Little Snowball," certainly earned new laurels for they made a great looking couple. Mr. Coffman's makeup was a good one and the dress of his bride surely brought down the house. Val Crider as the parson filled the bill to a nicety, while Al Gleichauf and Herb Webber as the parents of the bride were clever indeed. Wm. Creeden and Beryl Shaw in their funny specialty had the stamp of professionalism and "brought down the house." James Cooper as "Lawyer Crowfoot" gave the newlyweds some excellent advice. The act closed with a singing and dancing specialty.

Others who participated in the en-

tertainment not previously mentioned were Muri S. Lake, Rudolph Schenk, Walter Rauck, Joe Rohan, Joseph Ingram, Fred Cole, Walter Yellick, Clyde Cole, Neil Floyd, Richard Brooke, Frank Ryan, Everett Jones, Merle Robinson, Clarence Doner, Edward Lahley, Ralph Edwards, Karl A. Schaller, Leroy B. Messer, Homer Fairall, Chester Canour, Nelson D. Metz, Charles Greeley and Howard L. Keller.

The performance will be repeated this evening and the curtain will rise at 8:15 sharp. Everybody should be in their seats at that time. There are still a number of good seats left at the box office. By calling there in person you can secure a reservation and you will not regret witnessing the big 1915 Elk minstrel.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all of the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

Sixth Bulletin Is Issued By Asso. Charities

Organized Charity seeks to build up community interests through the home. The home is the heart of the nation—the center of every community. It is true that the community acts and reacts upon the home but it must always be remembered that it is a group of homes that form the community. If the individual home is of the right sort, therefore, the group will form a right sort of settlement or town.

Every community, however, contains one or more homes where some conditions are wrong. The family is defective in one or more of the elements of normal life, namely, in health, education, employment, recreation, or spiritual development. When a family falls below this standard, in any particular, it is in that particular dependent, and must look to others for help in care in sickness, or guidance in education, or help in securing employment, or direction in recreation, or pastoral ministry in spiritual development.

Organized Charity must first look to the conditions of employment and investigation has already located two neglected interests which affect all five elements of our standard of normal life. The first is the lack of training in home making, and home keeping amongst the poor. Unwise buying of food, poor cooking, and ignorance of the little economies in housekeeping prevail. A volunteer committee is being formed to co-operate with other interested agencies to form classes in housekeeping. The study will give first attention to food values, marketing, cooking and serving nourishing food.

The second interest concerns production and the cultivation of the beautiful. It is found in gardening, both for foods and flowers. In Japan every Ricksaw cooie will have a landscape garden even if he has but six feet of ground in his back yard. Here fruits, vegetables and flowers vie with each other and run riot in good and leav. The smoke-begrimed houses of Newark's poor districts can be decorated with bright morning glories and the ugly back yards made to yield huge bonfires and then beautiful gardens of vegetables and flowers. Rickety fences can be made into arbors and unsightly outbuildings be covered with honeysuckle. A committee is being formed to care for this interest also. Newark must become a "city beautiful."

Are YOU helping?
WM. E. HOPKINS, Supt.

Theatres

"Potash and Perlmutter."
"Abe" Potash and "Mawruss" Perlmutter come to the Auditorium on Saturday when they will display the latest designs in cloaks, suits and laughs. They come direct from New York where for two seasons they did a rushing business at the Cohan Theatre and on their staff are some of the finest artists ever seen here.

The story of "Potash and Perlmutter" revolves about the efforts of the two lovable partners to save their new bookkeeper Boris Andrioff from the clutches of the Russian Government. They really know little about Boris except that as a bookkeeper he is a great musician.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

and they quarrel incessantly about him but when there is danger that the young man is to be sent back to Russia and perhaps a Siberian prison they risk every cent to save him. For a time it looks as though the partners would have to lose all through their Quixotic ideas and Potash is going to lose besides a desirable son-in-law—when everything turns out happily. Cupid has been busy, sometimes with Potash's partner and so the ending is doubly happy. There are tears as well as laughter, tears that are quickly chased away by smiles, for though there is pathos in the play, there is also a mine of mirth.

A company of splendid artists all of whom have been seen in the play in New York will interpret the famous roles here. Among them are: Lew Welch, Jules Jordan, Edward Shoben and Thos. J. Tempest.

"German War Pictures."
Irvin S. Cobb was right. "Someone had thought of everything." This is said to be the impression gained when watching the "German War Pictures" which are to have their first presentation in this city at the Auditorium the engagement being limited to Sunday. At least the thoroughness and preparedness of the German army as the five reels showing things of interest along the line, in the field and in the various towns which receive the sting of some one or two "Berthas" are screened.

The films are guaranteed as being absolutely authentic. The German General Staff by whose permission the films have been made, did not restrict the photographer on the German army alone. Scenes in the Belgian district and among English quarters are also reproduced in motion pictures.

The pictures show clearly the havoc made by German artillery. The terrible destruction wrought by the German 42 centimeter guns is vividly realistic. Frequently the scene is enlivened by a merry company of soldiers or marines. At the close, death upon the battlefield is pictured with brutal realism, somber tragedy needing no description.

Among other interesting features will be the mobilization of troops in Denmark, the destruction of the almost impregnable forts at Liege and the bombardment of Antwerp. The German army will be shown making its triumphal entry into Brussels, and portions of the Russian army will be shown on the firing line.

The first apple butter of the season!

—Taste its delights again tonight!

Will you ever forget apple butter time on the old homestead? Every face expectant, eager, every mouth fairly watering as mother brought out a big crock of this rich, golden-brown delight!

That week willing hands had gathered the soundest and tarest of rosy-cheeked apples, piled them high on the vine-covered back porch, and—

You remember it—how each apple was carefully peeled and sliced; how mother exercised all her skill in a wonderful blending of sugar and spices; and how, under her vigilant watching, it was stirred and stirred in a big, shiny copper kettle to just the right taste and consistency!

And then what a feast there was, every one munching brown-crust bread generously spread with rich apple butter—the first of the season!

How often have you just "hankered" for the taste of that old home apple butter? How many times have modern apple butters disappointed you? The minute you taste Lippincott Apple Butter you'll realize you have found it at last. And no wonder! Just consider how Lippincott Apple Butter is made—

We follow a famous recipe used on an old New England homestead for over fifty years. We use nothing but the choicest and tarest of apples, the most fragrant of spices, and the purest of white granulated sugar.

Order a trial jar now—enjoy again the old home taste you've hankered for.

15c and 25c jars at all good grocers.

You will find the old home taste and purity in all of the Lippincott Products. Ask your grocer about our complete line.

SAGE TEA KEEPS YOUR HAIR DARK

It's Granmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advanced age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns dry and looks dry, wispy and generally, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay old! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wreth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this root-to-use preparation, because it darts to the hair beautifully and removes dandruff, stops itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and so fast. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Agents Hall's drug store.

Specialist Declares Diabetes Cured
Specialists advised the family of David Brunner of the Brunner Mercantile company, New Orleans, that he was in a hopeless condition. Patient had had diabetes for fifteen years and Neuritis had developed. He could hardly sleep and at times was delirious. The disease was inherited. Patient's father and brother both dying of Diabetes. His wife would not give up and sent for Brunner's Diabetic Compound. Improvement came in a month, and five months later patient was declared cured. One of the greatest nerve cures ever. Patient writes: "Hall's 'You can't get people to die'."

Please note that specialists determined the hopeless nature of the disease and later confirmed the patient's recovery.

In view of testimony like this from patients, I can say that Brunner's Diabetic Compound is a cure for diabetes and certain other ailments with its unique composition. There is a noticeable difference in it has the effect to reduce sugar in diabetes and thus brings recovery. Like the above in many cases.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passage of your head will clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—relief comes quickly.

GAS CASE

ARGUMENTS ARE POSTPONED, AFTER SUBMISSION OF THE TESTIMONY

For Both Company and City Until a Future Time to Be Agreed Upon.

The case of the City of Newark vs. Newark Natural Gas and Fuel Co., being the suit to enjoin the defendant from turning on the gas in the city, will be argued to Judge Jewell on a day hereafter to be agreed upon, probably within the next ten days. Both parties concluded the submission of the testimony and documentary evidence, and counsel for the respective parties are now engaged in preparing their briefs and written memoranda or arguments for presentation to the court.

Just Now at the Height of His Power and Very Popular Writes German Correspondent.

(ASSOCIATED PRESS TELEGRAM)
Berlin, Feb. 12.—Via London.—The National Zeitung has published a dispatch from a correspondent on the Russian border, who says the Russians are employing thousands of laborers to strengthen their second line of defense. At the fortress of Ivangorod, Brest-Litovsk and Kovno men are working day and night. At Brest-Litovsk arrangements have been made to flood the entire district and for a distance of 75 miles the territory around the fortress has been barred to ordinary travel. Great stores of ammunition and provisions are being laid in. These preparations the correspondent of the National Zeitung goes on to say, make the inhabitants fear that the Russians soon will be seen falling back.

Grand Duke Nicholas, the Russian commander in chief in the field and General Russky enjoy the fullest confidence of the people, the correspondent continues. The grand duke is just now at the height of his power and he is very popular with the Russian soldiers.

Referring to the Russian people, the correspondent says: "It must be truthfully admitted that there are no signs of the Russian people becoming tired of the war. A small peace party exists at the court of Emperor Nicholas, but it is without influence."

In most of the more important Russian cities recruits in considerable numbers are being drilled. The men are in part excellent material. The weapons with which they are supplied leave much to be desired. A correspondent of the Lokal Anzeiger, who is in the Carpathians, telegraphs his paper of the very heavy fighting recently in the Dulka Pass region. The Russians, he says, were determined to break through at any sacrifice. It appeared at first impossible to check their attack, and they gained slow but steadily. In the last three days, however, they have been brought to a standstill but they are still on Hungarian soil and the

heights of the pass are in their hands.

The Russian infantry suffered terribly in its massed attack this correspondent continues. The thawing weather is bringing almost unbearable odors from the field of battle, and special sanitary measures are being taken with the idea of preventing an outbreak of sickness.

Back From the Firing Line

First Aid to the Wounded.

Paris, Feb. 12.—At almost every station on the railroads you will see men shattered and wrecked for life, men who must face the future horribly mutilated, and yet they accept their fate without a murmur of complaint or bitterness. It is the same in England, in France and, I suppose, in Russia, that all soldiers are bearing their sufferings with the greatest of fortitude.

The best aid these men have is within themselves. The human body will best resist infection from bullets when it is healthy, strong, active and with all of its functions fully alive and working. The best aid to this condition is a vegetable tonic and alternative that will first put the stomach and blood right, for these are dependent on one another. Good stomach means good blood, and like-wise good blood means good stomach.

Dr. Pierce's Golden Medical Discovery helps the stomach to do its work naturally and properly, stimulates the liver. The system is freed from poisons. The blood is purified. Every organ is rejuvenated. This "Medical Discovery" of Dr. Pierce, is free from alcohol or narcotics. It is made from the roots and barks of American forest plants with triple refined glycerine, and is the best blood purifier, because it banishes from the blood all poison and impure matter. It dissolves impure deposits and carries them out as it does all impurities through the bowels, kidneys and skin. If you have indigestion, sluggish liver, catarrh, unsteady nerves, or a pimply skin, get Dr. Pierce's Golden Medical Discovery today and start at once to replace your impure blood with the kind that puts energy and ambition into you and brings back youth and vigor.—Adv.

AL PARKINSON DIES QUICKLY OF PARALYSIS

James Alvadore Parkinson, 51 years old, known to many Newark residents as "Al" Parkinson, for many years a general repair man with a shop in Elmwood Court, died unexpectedly Friday morning at 6:55 o'clock at the City Hospital. His death was due to a stroke of paralysis, with which he was seized about noon Thursday. His death was unexpected and the announcement caused much surprise among his friends and acquaintances. Mr. Parkinson was taken ill about noon Thursday. Early in the afternoon, his brother, Fred Parkinson, visited his shop and found the brother ill. He complained that his crippled leg was giving him considerable trouble and that he was feeling worse than usual.

The brother called Dr. Davis to the shop and after an examination the doctor recommended his removal to the hospital, stating that he was suffering from paralysis. The left leg was then numb and cold.

The Bazler & Bradley ambulance removed him to the hospital and though everything possible was done to stop the progress of the malady, he continued to grow worse until death came early Friday morning. The body was removed to the Bazler & Bradley morgue and prepared for burial, and later removed to the home of his brother, No. 7 Eleventh street.

Mr. Parkinson was a son of the late James C. Parkinson and was born in Newark, April 12, 1864. He had lived all his life in Newark and was well known to many Newark people. He was never married and recently had occupied a room at the Manhattan Hotel, which was close to his work.

He is survived by two brothers, Fred Parkinson of Eleventh street, and Wm. H. Parkinson of Columbus. Funeral services will be held Monday afternoon at the brother's home, 7 Eleventh street. Burial at Cedar Hill cemetery.

ANOTHER RECOVERY FROM TUBERCULOSIS

MRS. MABEL V. WRIGHT
Mrs. Mabel V. Wright, Mt. Orab (Brown Co.), Ohio, who has taken Nature's Creation, writes under recent date that "Every one here said I had tuberculosis, but I am now cured sound and well. I think my friends all say they never saw me look better—say they would know me."
"In July, 1912, I weighed 82½ pounds and seven months afterward weighed 138½ pounds. Have no trouble with my lungs or no cough, only when I have a cold of course. I support my child and work in a boarding house for it does not seem to hurt me at all."
"In our office files—open to the public—we have any number of letters telling of the remarkable results accomplished by Nature's Creation in cases of tuberculosis and conditions leading to it—such as asthma, bronchitis, catarrh, impure blood and run-down system. It is not necessary to take our word for what this remedy will do—just write for "Truth," our free booklet, containing photos and testimonials of local parties. M. L. Haymann, 308 Central National Bank Bldg., Columbus, O.
